TECHSPAN® INVITES YOU !

SYMPOSIUM 2015

Experience. Innovation. Passion.

ENGEL
be the first.

TECHSPAN®
PLASTICS & PRINTING TECHNOLOGIES

16TH TO 18TH JUNE LINZ & ST. VALENTIN, AUSTRIA

CURRENT HIGHLIGHTS FROM THEORY AND PRACTICE OF PLASTICS MANUFACTURING:
The extensive exhibition at the large-size machine production plant in St. Valentin. The exciting lecture and supporting programmes at the Design Center Linz.

ENGEL
be the first.

TECHSPAN
PLASTICS & PRINTING TECHNOLOGIES

We would like to invite you to take a look at the multitude of innovations in the field of injection moulding machines, automation and application technology in the scope of our ENGEL Symposium 2015:

Discover the new and interesting solutions we have developed for your production-related challenges in the extensive exhibition at our large-size machine production plant in St. Valentin. In an exciting lecture programme at the Design Center Linz we will show you how we transpose the requirements you may have today or tomorrow into innovative concepts based on our experience and values. Last but not least we want you to get excited for something new and unusual: let Karim Rashid, the "Pop Star of Design" whisk you away to his visionary world of plastics design and get inspiration for shaping your products.

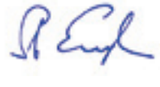
A festive highlight will be the presentation of the ENGEL HL-Awards as part of a gala in the evening of 16th June 2015.

Take this opportunity to gather comprehensive information, have interesting conversations with professional colleagues and enjoy a convivial get-together in a relaxed atmosphere.

We look forward to welcoming you to St. Valentin and Linz!

Dr. Peter Neumann
CEO ENGEL HOLDING

Dr. Christoph Steger
CSO ENGEL HOLDING



Dr. Stefan Engleder
CTO ENGEL HOLDING

OUR EXHIBITION

in St. Valentin | 17th + 18th June

Whether automotive, packaging, medical, teletronics or technical moulding: ENGEL has the experience and the power of innovation to offer you solutions supporting your competitive edge in all fields.

Discover the newest developments in our technologies and machines as well as a comprehensive novelty package regarding automation and integration. This exhibition is rounded off by a multitude of smart extra products and services.

Of course we would like to take this opportunity to celebrate once again with you 25 years of ENGEL tie-bar-less technology!

The partner trade fair

Use the extensive exhibition to experience innovations by our partners in the fields of raw materials, moulds, engineering, financing and peripherals!

ENGEL
be the first.

PLASTICS & PRINTING TECHNOLOGIES

OUR SPEAKERS

at the Design Center Linz | 16th + 17th June | The lecture programme is the same on both days.

DR. PETER NEUMANN
CEO ENGEL HOLDING

After his welcome address, Dr. Neumann would like to provide a brief insight into ENGEL's current position, which experiences we build on and which values guide us.

DR. STEFAN ENGLEDER
CTO ENGEL HOLDING

As a member of the next generation of the ENGEL family of entrepreneurs, Dr. Engleder stands for the stable continuation of the decade-long road to success. In his presentation he would like to shed light on future challenges and opportunities and explain why ENGEL is making investments in technologies - e.g. concerning "Industry 4.0"- for you.

DR. GEORG STEINBICHLER
Senior Vice President Research & Development Technologies, ENGEL AUSTRIA

For many years, Dr. Steinbichler has assumed a leading role in the development of our ground-breaking technologies. He would like to explain what innovation means for ENGEL and how we are making new technologies usable for you.

DR. GERHARD DIMMLER
Vice President Research & Development Products, ENGEL AUSTRIA

As Vice President of Product Development, Dr. Gerhard Dimmler mainly focuses on the day-to-day challenges of your production. In his speech he will present key technologies and the areas of activity regarding industry 4.0, which - according to ENGEL - can be derived for the plastics industry.

KARIM RASHID
Designer, New York

With his product designs, which are unusual, but always suitable for everyday life, the ”Pop Star of the Design World” has contributed over the past 30 years to the way we see products today. He will take you into his world of ”blobism” and will reveal you new aspects and approaches on the subject of functionality and design. Let yourself be inspired!

YOUR TRAVEL ARRANGEMENTS PACKAGE A

ARRIVAL 16TH JUNE 2015

Morning: Arrival
Afternoon: 1 to 5 pm lectures at the Design Center Linz
followed by HL-Award Gala at the Design Center Linz

DEPARTURE 17TH JUNE 2015

9 am to 5 pm Exhibition at the ENGEL large-size machine production plant in St. Valentin

In case you have any further questions, please direct them to symposium@engel.at

YOUR TRAVEL ARRANGEMENTS PACKAGE B

ARRIVAL 17TH JUNE 2015

Morning: Arrival
Afternoon: 1 to 5 pm lectures at the Design Center Linz
followed by business dinner at the Design Center Linz

DEPARTURE 18TH JUNE 2015

9 am to 5 pm Exhibition at the ENGEL large-size machine production plant in St. Valentin

We kindly ask you to register online via symposium.engelglobal.com at latest until the end of April
